VSuperDrinks

MIXLAB

The Next SuperDrink. Made With You.

SCAN TO VOTE

Conceptual QR experience

YOU VOTE. WE MAKE. YOU SIP.

01 — DISCOVER
VSuperDrinks presents 3–4 feasible flavour combinations.

02 — VOTE
Consumers scan a QR code and choose their favourite.

03 — CREATE
The winning flavour is developed and produced in a controlled pilot batch.

04 — DROP
SUPERDROP 01 launches as a limited-edition product.

FROM CONSUMER INTEREST TO PRODUCT LAUNCH
TEST BEFORE YOU SCALE.

CONSUMER → VOTE → DEMAND SIGNAL → SMALL PILOT → SUPERDROP 01 → TEST RESULTS → SCALE

TARGET AUDIENCE

Gen Z + Young Millennials | 18–30

- College students
- Young professionals
- Trial-seeking beverage consumers
- Consumers attracted to limited editions and new flavours

They don't just want new products. They want to be part of what's next.

WHY IT WILL WORK

CO-CREATION
Turns consumers from viewers into participants.

LOWER LAUNCH RISK
Demand is tested before large-scale production.

LIMITED-DROP APPEAL
Limited SUPERDROP availability encourages trial and urgency.

LEAN PILOT MODEL

INPUT 3–4 FEASIBLE FLAVOURS

FOCUS 1–2 PRIORITY MARKETS

OUTPUT PROPOSED PILOT RANGE 5K–10K UNIT PILOT

TEST RESULT → SCALE IF DEMAND IS PROVEN

Use existing production formats wherever possible to keep the pilot financially disciplined.

SUCCESS METRICS

- VOTES
- VOTE → PURCHASE CONVERSION
- SELL-THROUGH %
- REPEAT PURCHASE RATE
- INCREMENTAL SALES LIFT

THE BIGGER OPPORTUNITY

MIXLAB turns innovation from a guess into a test-and-scale decision.
